BUSINESS LENDING

We help you build your business by providing access to fair and flexible business loan products for both start-up and existing businesses.

We are committed to providing loans for women, people with disabilities and others who have difficulty accessing traditional capital to develop their business.

WHAT YOU GET

- Small loans from \$500-\$5,000 for new businesses
- Start-up loans for women-owned businesses
- Energy Education and Efficiency loans for contractors and small businesses up to \$15,000. EEE loans can be used to get environmental education and/or certification, or purchase more energy efficient equipment for use in your business.
- Opportunity and **Green Business** loans up to \$15,000, for successful businesses to take advantage of a new profit-making opportunity, start a business in a "green" industry (renewable energy, recycling, environmental services, agriculture, etc.) or add a green product line or service to what you already do.
