

FREE•FREE•FREE

Isles is testing Trenton properties built before 1971 for **HAZARDOUS** lead dust.

Lead is **dangerous** to occupants, especially young children and pregnant women.

We will offer properties that test positive for lead dust:

- free lead poisoning prevention education.
- assistance in applying for low-interest or forgivable loans to remove the lead.

FREE dust testing kits are also available for property owners outside of Trenton.

Contact Isles at **609.341.4703** to set up an appointment or to order a lead dust testing kit.

Evening and weekend appointments are available.

Isles • 10 Wood Street • Trenton, NJ 08618 • 609.341.4700 • www.isles.org
